BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Code Section 42-5-2 of the Official Code of Georgia Annotated, relating to responsibilities of a governmental unit with custody of an inmate generally, costs of emergency and follow-up care, and access to medical services or hospital care for inmates, is amended by adding a new subsection to read as follows:

"(c) A hospital or other health care facility licensed or established pursuant to Chapter 7 of Title 31 that provides emergent health care services to a state inmate, and which is not a party to a contract with the department, shall:

(1) Charge an amount not to exceed the applicable Georgia Medicaid rate for such services;

(2) Treat the emergent condition wholly and completely such that any reasonably apparent injuries associated with the condition are also treated; and

(3) Not discharge a state inmate with an emergent condition so as to require an immediate transfer to another provider for the same condition unless the standard of care would require a transfer.

For purposes of this subsection, the term 'state inmate' means any inmate for whom the department shall be responsible for the payment of medical care thereof. Nothing in this Code section shall prohibit the department from negotiating fees or rates with health care providers."
